

XOps

Direct Hire | Contract | SoW

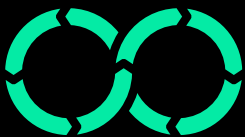

XOps is transforming how businesses manage and optimize their technology operations, merging key operational disciplines like **Platform Engineering**, **Site Reliability Engineering (SRE)**, and **DevSecOps** into a cohesive strategy. This integration is essential for companies aiming to streamline processes, enhance system reliability, and fortify security frameworks effectively.

At Optimized, we are at the forefront of XOps, leveraging our established reputation in emerging technology to connect you with both active and passive candidates quickly. By **cutting hiring times by up to 50%**, we help keep your operational strategies agile and on track. Our approach ensures you can navigate the complexities of modern tech operations with ease, driving growth and maintaining a competitive edge in your industry.
